

# CONGRESSIONAL VISITS DAYS

April 28—29, 2010  
Washington, D.C.

Material Advantage is offering a limited number of travel grants, one per university, to help with expenses. The amount of travel grant funds available depends on the amount leftover after registration fees are paid. Both graduate & undergraduate students and a Faculty Advisor are invited to apply. It is expected that verification of student attendance at the event will be provided by the Student Chapter or University in order to receive a reimbursement grant for travel. Note that money granted will be paid to the participating chapters following the event.
